

MAISON CASATI

CASATI

Made in Italy for the lifestyle.

INSPIRATION

In the Italian panorama of knowledge and know-how, Casati intends to be the spokesperson for a new green Renaissance, opening up to a dialogue between nature and art, with a push for innovation, devoted to uniqueness, taking its name from Luisa Amman, the best known Marchesa Casati who loved to define himself as a "living work of art".

VISION

The CASATI AWARD fits into the taste of the brand and the exploration shared with contemporary Italian artists in collaboration with exclusive partners who share the same mission: CULTIVATING ART

This breath of life inspires Casati in an open dialogue with contemporary art.

THE CASATI LOGO

The Casati logo represents a lion opposed to an olive branch that stands like a crown, enclosed in a frame of shells, of pure invention and was designed for the Maison by a contemporary artist.

CASATI

A suggestive synthesis between the lion represented on the estate and the frescoes of Palazzo Bianconcini, places where the brand was born. At the same time, the feline recalls the Palazzo Venier dei Leoni in Venice which was the home of Casati and then of Peggy Guggenheim.

TENUTA CASATI

A charming estate immersed in centuries-old olive trees elegantly dominates the Malatesta hills of Saludecio.

It is an enchanted place, where projects are cultivated that run fast, from tradition to the metaverse.

This is where the Casati brand, a hotbed of Italian design and art, is born and lives, where extravagance, good taste and creative research converge in a balance of shapes and quality.

Here you will find artisanal mastery, the oil-making kind, which produces an excellent, gourmand gold with a sartorial profile.

OIL COLLECTION

The Casati Oil Collection is available in ampoules that are sculptures designed by contemporary artists, overlapping jewels, hand-chiseled bronze castings to ennoble a nectar that imposes itself with a strong and deep flavour.

350 ml

SANTolio

SANTolio, sculpture cap, hand-chiseled lost-wax bronze casting

Oil as divine nectar, a distillate as precious as the jewel that holds it, manipulated each time to access the ampoule, in the repetition of a meditative gesture to exalt the sacredness of a “philosophical” gold, in a perfect alchemy of synthesis and senses.

100% Italian Product

OCYPETE

Collectible ampoules made by the Artist, special edition Casati International Art Award – year 2024.

The meditative spirit and creative light of the Maison celebrates the impetuous and sublime elegance of Casati in the collectible artist's ampoule, designed by Fabrizio Cotognini, named Ocypite, a tribute to an ancestral feminine spirit, a figure connecting worlds.

Bronze micro-cast sculpture cap.
100% Italian Product

BLACK LABEL COLLECTION

The Black Label Collection enhances the brand's noble emblem in gold and contrasts with the vivid and intense colour of the nectar it contains.

350 ml

BLACK LABEL COLLECTION

Casati extra virgin olive oil comes from a selection of centuries-old plants, multicultivar, bright green is fruity with a bitter and naturally spicy aftertaste.

100 ml
