

CASATI

BRAND PHILOSOPHY

Tenuta Casati was born as a hotbed of Italian design and art.

The brand draws inspiration from Luisa Casati, renowned for her eccentricity and embodying a life as a work of art.

Luxury products that blend Italian art and craftsmanship.

CASATI

VISION

The CASATI AWARD fits into the brand's spirit and shared exploration with contemporary Italian artists, in collaboration with exclusive partners who share the same mission: CULTIVATING ART.

This breath of life inspires Casati in an open dialogue with contemporary art.

HISTORY OF THE CASATI LOGO

The Casati logo represents a lion opposed to an olive branch rising like a crown, enclosed in a frame of shells.

It was designed for the Maison by a contemporary artist, a pure invention.

A striking synthesis between the lion represented on the Estate and the frescoes of Palazzo Bianconcini, where the brand was born.

The feline, at the same time, recalls the Palazzo Venier dei Leoni in Venice, which was the home of the Casati family and later of Peggy Guggenheim.

CASATI

CASATI CANDLE COVER

Inspired by the bases of church chalices, they enhance the sacredness of lighting candles.

Handcrafted according to Italian artisan tradition, they celebrate the Tenuta Casati lion coat of arms engraved in the central oval.

They bear the marks of history, deliberately imperfect, and are forged in brass-plated metal, satin-finished but not polished.

Living material that preserves the memory of time

CASATI

CREATION PROCESS

Selected high-quality raw materials,
prioritizing sustainability and handmade excellence.

Candles crafted with olive oil wax
burn with a different intensity than industrial paraffin.

Each candle is handcrafted, not painted in full color to enhance the depth
and nobility of the shades.

*Handcrafted products may have imperfections. Imperfection is an aspect of art, an added value that only handmade products can provide.

CASATI N. 79 SPECIAL COLLECTION

From the Tenuta's laboratories, the Casati N.79 gold line.

An exclusive collection, embellished with gold leaf, celebrates the most noble and precious metal. Inspired by the concept of transmutation into gold in a sort of quest for "philosopher's gold."

The ancient wisdom of our master candlemakers brings to life creations in olive oil wax, made in Italy, that ennoble the elegance and purity of metals, in an extraordinary combination of alchemical tradition and artistic innovation.

CASATI WHITE COLLECTION

The lunar skin of Marchesa Casati, from the famous portrait by Romaine Brook, inspires the Casati White line, which remains a “nocturnal” creation, wrapped in the essence called Stramonium, a hypnotic nocturnal flower that blooms only under the moonlight.

The natural wool-white color of the olive oil wax, enhanced with a mother-of-pearl finish

CASATI

VERY CASATI – WHITE

The natural woolly white color of olive oil wax,
enriched with a pearly finish and the Stramonium scent,
celebrates the flower's sweetness in the darkness of the moonlit night.
